

Brief statement of Amb. J. Enkhsaikhan of Mongolia
at the closing session of the General Conference

23 September 2011

Vienna

It gives me a great pleasure to express our deep appreciation to President Feruta for his dedication and high professional diplomatic skills that allowed the Conference to take important decisions on the items considered as well as to hold open discussion on some other issues of common interest or concern. His objectivity and neutrality regarding the issues discussed have contributed to the over-all success of this Conference.

I would also like to take this opportunity to thank the Vice-Presidents and additional members of the General Committee for their contribution to the work of the conference. I would also like to specifically commend the Chairperson of the Committee of the Whole and her colleagues for their untiring efforts to produce mutually agreed texts of resolutions and decisions for the plenary and the Conference. I believe that after exhausting negotiations in the spirit of cooperation and accommodation, especially this afternoon and evening, smooth implementation of the decisions would contribute to promoting the goals of the Agency and the concrete objectives of this Conference as reflected in its unanimously adopted agenda.
